

The benefits of online/ digital education cannot be leveraged unless the digital divide is eliminated through concerted efforts (e.g. Digital India campaign, the availability of affordable computing devices). It is important that the use of technology for online and digital education adequately addresses concerns of equity

1

**Pilot Studies for Online Education**

3

**Online Teaching Platform and Tools**

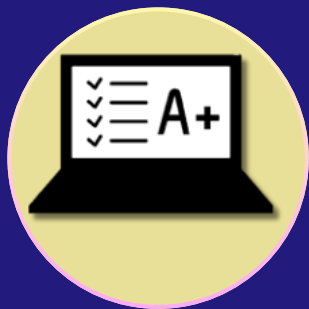

5

**Addressing The Digital Divide**

7

**Training and Incentives for Teachers**

9

**Blended Models of Learning**

2

**Creation of Digital Infrastructure**

4

**Content Creation, Digital Repository, and Dissemination**

6

**Virtual Labs**

8

**Online Assessment and Examinations**

10

**Laying Down Standards**

High quality educational software, Machine translation of uploaded content, Advanced Online Courses, Publishing software for educational Material, Content repositories in Indian languages and Online assessment can help in delivering Quality learning.
