Flexible High Quality Higher Education

Overview

The NEP 2020 aims to transform Higher Education by introducing holistic, multidisciplinary undergraduate education, developing human capacities, enhancing soft skills, and offering rigorous specialization in chosen fields.

It also advocates for flexible curricular structures, creative combinations of disciplinary areas, and undergraduate degree programs with multiple entry and exit points and re-entry options.

Undergraduate Degree Programmes of either 3 or 4-year duration

1 Year Certificate

Students with 40 credits and completed a vocational course during summer vacation can exit the first year with an UG certificate.

They can re-enter the program within three years and complete the program within seven years.

2 Year Diploma

Students with 80 credits and a vocational course completed during summer vacation can exit the second year and receive an UG diploma.

They can re-enter within three years and complete the degree program within seven years.
